SUMMARY

Web Developer and Information System graduate (Cum Laude) from Bicol University Polangui, specializing in modern web applications and system automation. Proven experience engineering secure solutions to automate complex administrative workflows and designing clean, professional dashboard interfaces.

EXPERIENCE

Bicol University - University Registrar's Office — Rizal Street, Legazpi City, Albay
OJT Intern — February 2026 – May 2026

- Developed the Services page for BU Registrar Online Request System, streamlining student access to office information and services.
- Digitized student records and updated curricula and Transcript of Records (TOR) databases, significantly improving document retrieval times for administrative staff.

ACADEMIC EXPERIENCE

Student Management System for Libon East Central School | Undergraduate Capstone Thesis Project
Source Code Link: SMS for LECS GitHub | Documentation Link: SMS for LECS Final Manuscript

- Engineered a secure, full-stack platform (PHP, MySQL, HTML, CSS, JavaScript) to digitize academic records and automate the generation of school forms.
- Implemented strict role-based access controls and integrated Composer packages for bulk data imports and dynamic PDF, Excel, and DOCX exports.
- Achieved an outstanding 4.83 overall usability rating from 32 respondents when evaluated against ISO 25010 performance and reliability standards.

CartCraft: Online Art E-commerce Platform with Auction Based Transaction | Final Project
Source Code Link: CartCraft GitHub **|** Documentation Link: CartCraft Presentation

- Built a custom, full-stack marketplace (PHP, MySQL, HTML/CSS/JS) facilitating seamless artwork bidding, buying, and selling.
- Integrated Composer PDF for the automated generation of clean, downloadable platform data reports for users and administrators.

Faculty Automated Schedule Tracker for CSD Faculty | Systems Analysis, Design and Development Projects
Source Code Link: FAST for CSD Faculty GitHub

- Developed a responsive web-based scheduling application (PHP, MySQL, HTML, CSS, JS) providing 24/7 visibility into faculty availability and consultation hours.
- Centralized schedule tracking to replace manual inquiry methods, successfully streamlining student-professor communication.

CERTIFICATES

- **Best Undergraduate Capstone Thesis – BSIS**
  - Certificate Link: Certificate Image
- **2nd Place – 2026 Bicol University Polangui Student Research and Development Forum under AGENDA 5: Inclusive and Lifelong Learning – Development Category**
  - Certificate Link: Certificate Image
  - Award Link: Award Link

SKILLS

- **Frontend & UI:** HTML5, CSS3, JavaScript, Tailwind CSS, Figma
- **Backend & Tools:** PHP, Laravel, Filament PHP, MySQL, C++, Git, GitHub, VS Code
- **Soft Skills & Languages:** Analytical Problem Solving, Adaptability; Fluent in English, Tagalog, and Bikol

EDUCATION

Tertiary

Bicol University Polangui — Polangui, Albay
Bachelor of Science in Information System — 2022-2026

- **Latin Honor**: Cum Laude
- **Undergraduate Capstone Thesis Title**: Student Management System for Libon East Central School
- **Best Undergraduate Capstone Thesis in BS Information System**
